

TURKISH PLANS
WELL GUARDEDWhereabouts of Main Ottoman
Army a Mystery.

READY TO TAKE OFFENSIVE

Decisive Battle May Take Place
in Next Few Days.

London, Oct. 29.—An interesting question at the present moment is the whereabouts of the Turkish army, of which nothing definite is known. The news that Fethi Pasha has been taken by the Bulgarian cavalry, apparently without resistance, shows that Nazim Pasha's army is not where it was supposed to have been—in the line between Kuleli Burgas and Lule Burgas. It may be further west, in the direction of Demotica, but it is generally supposed it has retired from the line of the railway and entrenched itself in long line from Demotica to Teohlu. Constantinople dispatches continue to speak of the readiness of the Turkish army to take the offensive. In any case a few days must see something decisive.

The victorious Bulgarian army still is advancing. It has occupied Bunarhisar and is marching towards Kuleli Burgas. It is reported that the Bulgarians have blown up a bridge over the Teohlu river, showing that the turning movement is making rapid progress.

Unless the Turks are also to take the offensive vigorously the present indication is that they will be driven out of Europe altogether, failing interference by the powers at the present stage to end the war, as happened in the Russian campaign against Turkey in 1828 and 1829, when Russia had captured Adrianople and was at the gates of Constantinople. The fall of Adrianople now seems certain.

The news from other parts of the theater of operations shows that the Turks everywhere are retiring before the victorious allies.

The Turkish army, defeated at Kumanova, appears to be demoralized and has evacuated Kuprili, or Velea, as it is also known, and is retiring on Monastir.

NAZIM PASHA IS SATISFIED

Ottoman War Minister Says Army Is
Well Situated.

Constantinople, Oct. 29.—The minister of war, Nazim Pasha, who has reached the scene of operations in the East, telegraphed that he is well satisfied with the position of the Turkish forces and expects a decisive battle soon.

The minister says the Bulgarian army sustained such severe losses in the battle of Oct. 23 that it was unable to reform and resume the offensive. On the other hand, he adds, the Turkish forces since that date have gained in strength and numbers and await confidently the Bulgarian attack.

ROUMANIA MAY WANT SLICE

Must Be Consulted About Dividing
Turkey, King Intimates.

Bucharest, Rumania, Oct. 29.—The cabinet has decided that the circumstances do not warrant the mobilization of the Rumanian army. The king, addressing the ministers, declared, however, that the existing grave situation would impose upon Rumania "the duty of arriving at important decisions."

The king's speech is interpreted as indicating that in the event of Turkey's defeat Rumania would insist upon being consulted in any redistribution of Turkish dominions.

KILLS THREE AND HIMSELF

Domestic Difficulties Result in Terrible
Tragedy.

Sheboygan, Wis., Oct. 29.—Alvin Roehr, thirty-three years old, a farmer of Plymouth, shot and killed his father-in-law, Phillip J. Ott, Mrs. Ott and Mrs. Ott's father, Fred Hauf, eighty years old, when he was refused permission to see his wife, with whom he has not been living.

The man escaped and his body was found some hours later hanging to a tree in the woods about a quarter of a mile from the scene of the tragedy. Mrs. Roehr and her baby escaped by hiding for three hours.

HOOT AND HISS ALDERMEN

Duluth Citizens Incensed at Action
on Ordinance.

Duluth, Oct. 29.—Because they decided to refer the proposed ordinance requiring street car motormen in Duluth to have a license members of the council were hooted and hissed by several hundred citizens. Alderman Curran was even threatened with violence.

The meeting was marked by heated argument between aldermen and citizens. Hisses and shouts followed each talk against the passing of the bill. Several of the aldermen were told frankly that steps would at once be taken to use the recall on them.

WILSON SPEAKS
IN QUAKER CITYLarge Crowd Greeted New Jersey
Man at Philadelphia.

REFERENDUM A STATE AFFAIR

Says He Is Discussing Issues
and Not Persons.

Philadelphia, Oct. 29.—Rising in prayer a tremendous crowd paid tribute to Governor Woodrow Wilson in the Academy of Music here. The meeting was arranged and held under the auspices of the League of Independent Republicans.

Gilbert E. Roe, a former law partner and brother-in-law of Senator La Follette, and Rudolph Spreckels of California, organizer of the Wilson National Progressive Republican league, preceded Governor Wilson with speeches in his favor.

"The only question before the country," said the governor, "is, Do you trust the men who now are leading the Democratic party? If you believe they are the enemies of legitimate business, don't vote for them. If you believe they are wild-eyed reformers who don't know the courses of change in this country don't vote for them. If you believe they are inexperienced tyros who don't know right from wrong don't vote for them. But vote as you believe and as you trust. And if you see any one promise the things which you think can be done vote that way."

"I am not here as a partisan. If there is somebody else who can and will do the job—"

Cries of "Wilson, Wilson" interrupted the governor's speech. When the demonstration subsided a man called out, "How about Roosevelt?"

"I have denied myself the pleasure of discussing Mr. Roosevelt this week," answered the governor. "I am on the platform in this closing week of the campaign in all soberness to discuss the issues and not the persons."

Once during the governor's speech somebody asked: "How about the referendum?"

The governor promptly replied: "Pennsylvania should take care of that; it is not a national question, but let me tell the gentleman who mentioned it that there have been times at Harrisburg when no legislature was so sorely in need of having its acts referred to the people as that at the capital of Pennsylvania."

An outburst of cheers greeted the governor's remark.

The governor declared that without a merchant marine other nations would benefit more by the opening of the Panama canal than the United States.

TWO SOLDIERS ARE KILLED

Two Others Probably Fatally Hurt in
Canadian Wreck.

Toronto, Oct. 29.—Two soldiers of the Toronto garrison were killed, two probably fatally injured and thirty-seven others badly hurt when a train on which the troops were returning from a sham battle at Milton was wrecked near Streetsville Junction, twenty-two miles west of this city. The special troop train crashed into the engine of the Canadian Pacific express bound for Detroit, which was just moving from Streetsville Junction after taking water.

The force of the impact lifted the heavy baggage car of the troop train from its trucks and shot it back into the front of the passenger coaches in which the soldiers were crowded.

BODY TOSSED INTO WEEDS

Auto Party Kills Man and Disposes
of Remains.

Glen Rock, N. Y., Oct. 29.—An automobile containing three women and three men killed George Price, a contractor, and after the men had carried the body into the weeds at the side of the road they entered the car and put on full speed ahead.

A nine-year-old boy who was near by saw the accident and watched the automobilists as they tossed the body to the roadside and hurried away. He at once told the local authorities and the police of Passaic, Paterson, Ridge-wood and other places near by were notified, but the party escaped.

CUBAN PARTIES SIGN TRUCE

Agree to Suspend All Political Meet-
ings and Muzzle Press.

Havana, Oct. 29.—The leaders of the rival parties having signed an agreement to suspend all political meetings and having requested the partisan press to abstain from exciting utterances it appears reasonably probable that no further political disorders will occur.

The election will be held Nov. 1 and the government is not relaxing its precautions to crush any outbreak.

The cavalry patrols were doubled. Troopers fully armed are riding in pairs in the principal streets, but there is not the least sign of trouble.

SLAY AND BURN AGED WOMAN

Money in the House Believed to Be
Motive of Illinois Crime.

Quincy, Ill., Oct. 29.—The body of Mrs. Ellen Culliner was found in the ruins of her home on the Warsaw road, twenty-seven miles north of Quincy and five miles south of Warsaw. The woman was seventy-two years old and lived alone. The report was common that she had considerable money concealed about the house. It is believed the woman was murdered for her money and the house burned to conceal the crime.

TEA ROOM TIFF IN COURT

Mrs. O. H. P. Belmont Accused of
Assaulting Modiste.

New York, Oct. 29.—The tiff which upset the suffragette tea room on Friday was rehearsed in Jefferson market court with Mrs. O. H. P. Belmont sitting between two gum chewing negroes and at the other end of the bench a gathering of finely feathered and sympathetic votes for women propagandists.

Magistrate O'Connor heard Mrs. Belmont and Mme. Clancy, the Fifth avenue modiste, who said Mrs. Belmont handled her roughly in the suffragette chop house, and several other witnesses. Then the magistrate threw the case out of court, denying Mme. Clancy's request for a warrant charging assault and battery, mayhem and anything else that might apply to her passage at arms with the suffragette leader.

BRYAN TAKES SHARP
FLING AT PRESIDENTSays He Will Retire March 4 With
Almost Unanimous Consent.

East St. Louis, Ill., Oct. 29.—With a speech here W. J. Bryan completed a tour of Illinois in the interests of Democratic candidates from presidential down to legislative. He departed for Oklahoma, where he is to make another series of addresses.

In order to make train connections for Oklahoma Mr. Bryan was able to make only short address in the city hall auditorium.

"I have only fifteen minutes to talk," he began, "and I'm going to divide it into three parts, giving one to Mr. Wilson, one-third to Mr. Roosevelt and the remaining third to general issues. I'm not devoting one-third of my speech to President Taft because a president who is going to retire March 4 from office with the almost unanimous consent of the American people isn't worth one-third of any man's time."

SEES ROOSEVELT SENTIMENT

Governor Johnson Speaks at Many
Points in Maine.

Bangor, Me., Oct. 29.—Governor Johnson spoke in ten cities and towns of Maine to the largest outdoor crowds he has met during the campaign.

"I see here a replica of the sentiment in Indiana and Pennsylvania," he said at Waterville. "It is the same spirit that is sweeping the entire land. It is the spirit that is going to return Theodore Roosevelt to the White House and once again give us a real president who will work at all times in the interest of the whole people."

The places the governor visited were Biddeford, Portland, Auburn, Lewiston, Brunswick, Augusta, Waterville, Pittsfield, Newport and Bangor.

ISSUE BEFORE VOTERS CLEAR

President in Statement Predicts Sur-
prise for Opponents.

Washington, Oct. 29.—President Taft made public a statement in which he declared that the four years of depression which followed the second election of President Cleveland were due to the promise of tariff reform and the Democratic changes in the tariff that followed. The president said that the issue before the voters is clear—"on the one hand prosperity and real progress; on the other, a leap in the dark."

"The American people," he continued, "have more than once surprised those who thought the people were being successfully fooled and I believe that a similar surprise awaits our opponents on the coming 5th of November."

Boy Dies in Gasoline Tank.

Hankinson, N. D., Oct. 29.—Charles Grover of Sisseton, fourteen years old, was overcome by fumes while assisting to unload a carload of gasoline and fell into the big tank. After a long search his lifeless body was found at the bottom of the tank.

WHICH CANDIDATE
WILL RUN THIRD?Many Answers to This Fre-
quently Heard Question.

THIRD TICKET IS A FACTOR

Senator Hoke Smith Fears the Elec-
tion May Be Thrown Into Congress,
but Democrats Generally Scout the
Idea of Their Candidate Losing When
He Starts With 180 Votes.

By ARTHUR W. DUNN.
Washington, Oct. 29.—[Special.]—"Who will run third?" is a question frequently heard when the political situation is under consideration. And there are all kinds of answers, mostly of the kind which says "if" this or that happens then such and such a candidate will be third in the race.

I have heard no one say that Governor Wilson will run third. In fact, when a man starts with 180 electoral votes sure, as in the case of the Democratic candidate this year, it would be absurd to say that he is likely to be last in the three cornered fight that is in progress. Bryan had 162 votes four years ago and did not carry Missouri. Since then there has been an increase in the apportionment, and it is not going outside of conservatism to allow Wilson 180.

May Go to the House.

There are men who still fear that the election may go to the house and then on to the senate. Senator Hoke Smith of Georgia, who has been campaigning in the west, said that he feared that "Roosevelt might carry a few big states and pick up enough smaller states to prevent a choice by the electors." And then the senator proceeded to show how impossible it was for Wilson to be defeated because he would carry enough western states to make his election sure. Senator Smith says Wilson will carry Ohio, Indiana, Iowa, Kansas, Nebraska, with a show of getting South Dakota.

If Smith is right, then there is no danger of the election going to the house of representatives.

An Innovation.

The fact that a third ticket cuts a figure in the canvass is an innovation, nothing like it having occurred since 1860. There have been third tickets, and in 1892 General Weaver polled a number of electoral votes, but he was never a factor in the race. Four years later if the third party—then called Populists—had been able to run independent of Bryan it would have cut a big figure in the result, and it might have been dominant at this time.

But this is the first time in fifty years that politicians have had to figure on the third ticket as an important factor in the returns. This year everything depends, according to quite a number of politicians, on the vote cast for the third ticket.

Correspondents Guessing.

The newspaper correspondents who have been making a tour of the country for the purpose of ascertaining the situation are doing quite a lot of guessing. They say so themselves and say it is necessary on account of the mixed conditions which they find and the claims which different men make. One correspondent who went through a number of states gave it as his opinion that Illinois, Michigan and Minnesota would go for Roosevelt and that Indiana, Iowa, Kansas and Nebraska would go for Wilson. He added that he might have guessed wrong.

If he is right it looks rather strange, for all those states have for years been in the Republican column.

Bull Moose in Colorado.

I. E. Stevens of Colorado has been interesting himself in Colorado politics for years and is now a rampant Roosevelt man. He says Roosevelt will carry Colorado and goes even farther and says that he will give the country many surprises. He told about "straw votes" he had taken on trains coming east, and in nearly every instance Roosevelt had a plurality.

Debs Is Running.

Eugene V. Debs is running for president. We had him here some time ago and although he will get no votes in Washington he talked to a large audience. Debs received 420,000 votes four years ago and expects to treble that vote this year. He may do so. The Debs vote may be a factor if there is such a close election as predicted. Debs had more than 38,000 in New York and about 34,000 in Pennsylvania four years ago. That number of votes might be useful to almost any of the three candidates on election day.

"Irreducible Minimum."

Martin W. Littleton is not coming back to congress, and he does not expect to enter public life again. "These are the days of the 'irreducible minimum' in politics," he remarked to a few friends the other day. But he did not explain what he meant. My inference was that he thought a number of small men were running for big offices.

Did Crane Whisper It?
Some one told me, or else I dreamed it, that W. Murray Crane told a Democratic senator that there was nothing to the Taft campaign in Massachusetts, that Wilson had things his own way and that the legislature would go to the Democrats. If Crane told anybody that tale he whispered it and placed the seal of confidence upon the party to whom it was told.

Paradoxical.

Brown—Walking down this steep hill is pretty trying, isn't it? Green—It is, indeed; it is regular uphill work.

VICE PRESIDENT

JACK JOHNSON'S NEMESIS.

Mrs. F. Cameron-Falconnet,
Who Had Fighter Arrested.Lucile Cameron Taken to Chicago to
Testify.

Chicago, Oct. 29.—Lucile Cameron, accompanied by her mother, Mrs. Cameron-Falconnet of Minneapolis, was brought from Rockford, Ill., where the girl is being held as a witness, to be present when the federal grand jury took up again its investigation into the relations between the girl and Jack Johnson, the negro pugilist.

No witnesses in the Johnson investigation were heard at the morning session of the grand jury.

Mrs. Falconnet said her daughter had given over entirely her former resolve to "stick to Johnson" and now was convinced she should return to her mother and aid in prosecuting the pugilist.

CHILDREN FATALLY BURNED

Duluth Mother Saves One, Leaving
Two Others in Flames.

Duluth, Oct. 29.—Mary Hansen, three years old, was burned to death and a three-months-old baby so severely injured she will die.

The mother, Mrs. Harry Hansen, was outside their home when it caught fire. Barred by flames from entering to save her three little ones she smashed a window and lifted the oldest out. Then she went into hysterics and was unable to tell the firemen that the children were in the building.

A neighbor gave them warning and the captain of the firemen entered the building and rescued the infant. The body of the other child was burned to a cinder.

FATHER AND DAUGHTER ASPHYXIATED.

Port Huron, Mich., Oct. 29.—Harry C. Cartwright and his daughter Gertrude, aged fourteen, were found dead in their home, asphyxiated by coal gas escaping from a stove. Mrs. Cartwright barely was breathing and her condition is considered critical.

Condition of James S. Sherman
Becomes Alarming.

DOCTORS ISSUE STATEMENT

Two Physicians Announce Re-
sult of Diagnosis.

Utica, N. Y., Oct. 29.—A son of the vice president made public this statement signed by the attending physicians:
"After consultation in the case of Vice President Sherman the diagnosis of weakened heart muscles, the result of overwork, with some kidney involvement is confirmed."
—F. H. Peck,
—Henry L. Elsner."
Dr. Peck is the family physician and Dr. Elsner is a specialist in Syracuse.

Utica, N. Y., Oct. 29.—James S. Sherman, vice president of the United States, is seriously ill and steadily failing at his home here. While his physician, Dr. Fayette H. Peck, believes there is no immediate danger of death the patient's condition is such that it is a matter of conjecture how much longer he will withstand the ravages of the disease with which he is afflicted.

Dr. Peck authorized this statement regarding Mr. Sherman's illness and his present condition:

"Mr. Sherman has been sick all of this year, due to the condition of the kidneys, hardening of the arteries and softening of the muscles of the heart, somewhat stretched, Mr. Sherman had an attack while in the Adirondacks, at Big Moose lake and I expected him to die. He got out of Big Moose and improved steadily and satisfactorily until the latter part of August. Since then his condition has been aggravated and he has been steadily failing."

"For the last three weeks, since he came back from Connecticut, where he went to rest, he has been dressed only once and that was a week ago Friday when, against my protest, he went out to the polls to register."

"Mr. Sherman now is in the condition which that sort of trouble leads to and is very seriously ill, but there is, I believe, no immediate danger of death."

Whether he can much longer successfully combat the attack of kidney trouble and complications is a matter of grave doubt. The members of his family are with him constantly and his intimate friends have been notified that he has been failing steadily.

SPECULATION IN CAPITAL

Probable Methods of Filling Vacancy
If Sherman Should Resign.

Washington, Oct. 29.—The illness of Vice President Sherman and speculation over possibilities of his withdrawal from the Republican ticket because of the precarious condition of his health aroused discussion here over the probable methods of filling his place.

The general opinion expressed was that the Republican national committee or the executive committee possessed power to fill a vacancy upon the ticket. No one here professes to know whether the Chicago convention specifically provided for such an emergency.

M'COMBS PREDICTS VICTORY

Democratic Chairman Makes Last
Weekly Forecast.

Chicago, Oct. 29.—Chairman McCombs of the National Democratic committee issued a statement containing his last weekly forecast and exhortation in behalf of the election of Governor Woodrow Wilson to the presidency.

The statement is divided into two parts. "Inside information," declares Mr. McCombs, "gives us final proof that the party which polled more than six million votes four years ago will poll nearly a third more than that this year, and the number will be made up of many Republicans. Defeat now is virtually inconceivable."

Fatal Collision in Iowa.

Sloux City, Ia., Oct. 29.—Charles P. Kemp was killed, Arthur Kerman of Fremont, Neb., was seriously injured and all passengers of a heavily loaded suburban car were more or less bruised when a Great Northern switch engine struck the street car broadside, scattering glass and splinters in all directions.

Prohibitionists Expend \$20,035.38.

Washington, Oct. 29.—Contributions to the national Prohibition party's campaign were \$20,035.38, according to a report which Treasurer H. P. Faris telegraphed from Trenton, Mo., to the clerk of the house of representatives. The expenditures are placed at \$18,224.21. No contributions over \$1,000 were received. Mr. Faris stated, and his report assured the clerk that he would send any other details desired.

MINNESOTA PRODUCTS TO BE SHOWN IN NOVEMBER

Best Exhibits at State Fair, With Carloads of New Displays, Secured for Minneapolis Land Show.

Immigration Commissioner H. J. Maxfield of the Minnesota department has secured a large part of the county exhibits at the state fair to be used in land shows and similar expositions to show to the world what the state will produce.

The "bumper" crop in Minnesota this year made it possible for the commissioner to secure some of the best samples ever displayed of Minnesota products.

These are to be placed in the Northwestern Products Exposition, to be held in Minneapolis Nov. 12 to 23, along side of similar displays from North Dakota, South Dakota, Montana, Idaho, Washington and Oregon.

All these states have "bumper" crops this season also and all have immigration commissioners or committees appointed by their governors to gather samples of their products. As soon as the fairs closed the commissioners got busy and as a result the best things from seven state and sixty county fairs will be assembled in the new Minneapolis coliseum for comparison.

Besides the seven official state exhibits the following sectional and community exhibits will be placed in the exposition:

Swift county, Minn.; Missouri slope, N. D.; Renville county, N. D.; lake region, N. D.; Dawson county, Mont.; Methow valley, Wash.; Judith basin, Mont.; Gallatin valley, Mont.; Lewis and Clark county, Mont.; Great Falls district, Mont.; Kallispell and Flathead country; Western Montana and Bitter Root valley; Bonner and Latta counties, Ida.; Valley and Hill counties, Mont.; Walla Walla country, Wash.; valleys of the Yakima, Wash.; Wenatchee district, Wash.; Central Oregon; Teton county, Mont.

Cole's Hot Blast Draft on top of the fire burns the coal from the top—burns
gas, which is wasted with all other stoves.
The force of this down draft forces the heat to the base which is made of

Thousands of testimonials have been written regarding the base heating
qualities of

Cole's Original Hot Blast Heater

The ideal heating stove is one which radiates all the heat thrown off from
the fuel—into the rooms—instead of letting it go up the chimney.
The durable heater is the one which will withstand the severe use, year
after year, which a heating stove is necessarily subjected to. Sheet steel is
the quickest radiator of heat and is used as radiating surface only in Cole's Hot
blast heater. Wherever the fuel comes in contact with the linings—only first
quality gray cast iron is used.
Cast iron withstands the wear of the heat from active combustion better
than any other material, and the large, sensitive, sheet metal body and base
radiate all the heat into the rooms.

JOINT DEBATE WAS A SUCCESS

Pequot and Surrounding Country
Hear Col. Thorp and Beecher
Moore Speak at Pequot

DISCUSSED CAMPAIGN ISSUES

Red Hot Debate Between Taft Re-
publican and Socialist Orators
Provokes Interest

Last evening was the occasion of
the political debate between Col.
Freeman Thorp of Hubert, and Beecher
Moore of Minneapolis. Col. Thorp
taking the Taft republican side and
Beecher Moore the socialist.

The Woodman hall at Pequot was
crowded with pretty nearly the en-
tire population of the village of Pe-
quot and some from the surrounding
country. The seating capacity had
been enlarged and a temporary plat-
form built. The speakers were in-
troduced by T. G. Butler, the village
postmaster. The time was divided by
Col. Thorp having a half hour open-
ing and a half hour closing and Mr.
Moore taking an hour's time after
Col. Thorp's opening.

The debate was conducted in a very
pleasing manner and was interesting
and instructive. Both parties under-
stand their subject and both of
them are forceful speakers. Col.
Thorp tells how Taft did not steal
the nomination and he fights for his
friend, and William H. has an able
sponsor in the person of the colonel.

Mr. Moore is always interesting,
can say more in half an hour than
most speakers can say in two and a
half hours, and never lacks for an
argument, for words or for a good
story. It was a red hot debate from
start to finish and the audience was
so much interested that the two hours
passed all too quickly. The Pequot
folks were so pleased that they
didn't get enough and they are all
coming down to Brainerd next Satur-
day night to hear them at the opera
house.

DANCE AT CROSBY

Brainerd National Band Will Play
For and Give a Dance at the
Range Town Saturday

The Brainerd National band will
give a dance at the new hall in Crosby
Saturday evening, November 2
and will furnish the music for the
event. Many tickets have been sold
at Crosby and Brainerd and it is an-
ticipated that the event will be one
of great social interest.

The band consists of 16 pieces. It
was organized five months ago and
is under the leadership of Jack Moll-
an. Since organization, the band has
played at a picnic near the Dr. Camp
farm, at a picnic south of
Brainerd, at several dances in South-
east Brainerd and furnished music at
the democratic rally when Governor
Burke of North Dakota spoke. The
organization practices faithfully and
has quite a repertoire of fine selec-
tions which are played well. The
band will leave for Crosby on the
Saturday afternoon train and will be
accompanied by a large number of
friends. The dance commences
promptly at eight o'clock in the eve-
ning.

State Warehouse Commission Notifies
Railroads That Such Notices
are Compulsory

St. Paul, Minn., Oct. 28—Railroads
are today being given a gentle re-
minder by the state railroad and
warehouse commission that the law
requires them to bulletin the time of
arrival and departure of all trains.
A letter has gone to the companies
calling attention to the fact that the
law providing for such bulletins is
mandatory because of the complaint
that has come to the commission
quite generally from traveling men
that this is not done and travelers
cannot tell when a train is going to
arrive and leave, as they do not al-
ways run on the time-schedule.—Du-
luth Herald.

Trains are bulletined at Brainerd
on the bulletin board in the main
hallway of the depot and particular
pains are taken by the Northern Pa-
cific and Minnesota & International
railways to keep passengers informed
as to the movement of trains.

MUSIC AND DRAMA

Sherman Kelly Stock Co.
The Jefferson Banner, Jefferson,
Wis., Sept. 4, 1912—"Sherman Kel-
ly and his troupe have been engaged
for a week's run at the opera house.
They opened on Monday night with
"The Yankee Doodle Boy," a strong

emotional drama of more than aver-
age literary merit. The company be-
ing well and favorably remembered
from their performances here a
couple of years ago, every seat in the
house was quickly sold, and there
was not a single one in the audience
who went home dissatisfied. Mr.
Kelly promised the people of Jeff-
erson a first class show in every re-
spect, and he kept his promise; more-
over he added some song and vaude-
ville specialties of such superior qual-
ity that one is surprised to find them
in a city the size of ours. Mr. Kelly
offers to return the money to any-
body not fully satisfied with his per-
formances; but not one in the large
audience made such a claim, but on
the contrary, yesterday morning,
only a few hours after the sale open-
ed, again every seat was taken."

The Kelly Stock company opens
in Brainerd at the Brainerd opera
house on Sunday evening, November
3 and plays every night up to and
including Sunday, November 10th.
Manager Frank G. Hall, of the local
opera house, is assured that the com-
pany is one of genuine merit and
that the various performances are
such as to be worthy the hearty pat-
ronage of Brainerd theatre goers.

The picture entitled, "The War on
the Mosquito," presents in a clear and
instructive way just how this work
is being conducted. Both the salt
marsh and inland work are shown in
detail, the places where mosquitoes
breed, the different means of treat-
ment to prevent same, and the ma-
chines used in this work make a com-
plete picture in themselves. This
picture taken in New Jersey, shows
the life history of the mosquito, the
natural enemies that fight it in its
water stage, finally concluding the
picture by showing a greatly enlarged
mosquito biting a man's hand. The
picture is of great educational value.

"WHAT IS BEER?" HAS COME UP AGAIN.

Department to Put Reopened Question
 Up to Congress.

After mulling over the question
 "What is beer?" for more than two
 years the department of agriculture
 has decided that it does not know and
 will pass the matter up to congress
 when that body convenes in December.

Secretary Wilson some time ago
 reached the conclusion that beer was a
 beverage made of "barley, malt, hops,
 yeast and potable water" and was
 about to propound this conclusion and
 compel brewers under the pure food
 act to make beer out of these mate-
 rials or if not so made to brand it "im-
 itation beer."

Dr. Harvey W. Wiley, then head of
 the pure food board, was primarily re-
 sponsible for this definition of beer and
 strongly advocated a strict enforce-
 ment of it. The brewers of the coun-
 try put up a stiff fight, and they were
 aided by the corn products people, who
 sell hundreds of thousands of dollars'
 worth of corn products annually to the
 brewers.

The department's position was back-
 ed up by the farmers, who asserted
 barley growers were losing money ev-
 ery year on account of the brewers
 using substitutes for barley.

About a month ago Secretary Wilson
 prepared for promulgation a decision
 as to what beer should be made of and
 directing brewers to label their product
 so that consumers would know exactly
 what they were drinking. Then, it is
 stated, the legal officers of the depart-
 ment stepped in and informed the sec-
 retary that there was no warrant in
 the present law to define beer or to
 compel brewers to place on labels the
 ingredients entering into their product.

Now Secretary Wilson has definitely
 decided that additional legislation is
 necessary before he can make any de-
 cision.

In the meantime, however, Dr. Wiley
 is certain to raise a rumpus. He will
 oppose bitterly the quashing of the
 opinion reached by him when he was
 head of the pure food bureau.

The Supply Held Out.

Tommy (at the supper table)—Now,
 ma, may I have a piece of chocolate
 cake? You said I might after the min-
 ister had taken three pieces, 'cause
 that was enough for any man, saint or
 sinner.
